Manitowoc County might be best known as a dairy producing county. We are consistently near the top in milk production per cow in the state of Wisconsin. The same climate and fertile soil that dairy farms take advantage of also help other crop production. The milk produced is turned into cheese, butter, ice cream and other products. Wine and beer are produced here, using local, grapes, grains and other ingredients. Other items from our natural environment include produce, honey and maple syrup. Local shops create and sell local products like chocolate, baked goods and other products. There is a stop for every taste on the Coastal Culinary Experience diverse food trail.

HOW IT WORKS

The order is totally up to you. Start wherever you like and take in the stops in whatever order you like. We recommend you make it a weekend visit, but some people may be able to take in all the stops in just one day. Spend some time at each place and get to know the producers.

There are beer and wine stops on the trail, so we ask you to drink responsibly and designate a driver. Make 10 stops on the trail and be registered to win one of 5 Food Trail Gift Packages. Bring a hotel receipt from a Manitowoc or Two Rivers hotel and get a bonus gift.

FULLFILL YOUR CURIOSITY ABOUT YOUR FOOD

- How many cows live on the average Wisconsin dairy farm?
- More than half of the nation's crop of what fruit is grown in Wisconsin?
- What region of Wisconsin has the longest growing season?
- Where does Wisconsin rank in potato production?

Satisfy your curiosity on these topics and much more at Manitowoc's own Farm Wisconsin Discovery Center. Combine a field of corn on a simulated combine. Feel the suction of a milking unit. See a newborn calf take its first steps. Farm Wisconsin—named among USA Today's 10 Best New Attractions, Time for Kids Top 50 Coolest Places, and a TripAdvisor Top Choice—features interactive exhibits on the diverse products grown in Wisconsin, a virtual tour of a local dairy farm and a unique birthing barn, where guests have the opportunity to see the miracle of calf birth. Farm Wisconsin is open to the public on Thursdays, Fridays and Saturdays.
